

SZSW2760 LED warning telescopic road cone

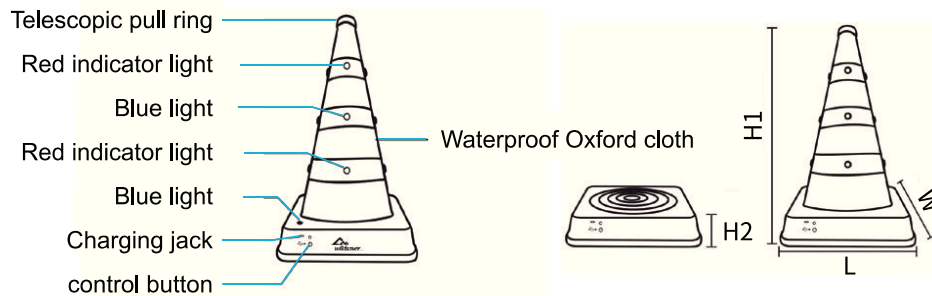

Application area

It is suitable for road construction, vehicle travel, logistics transportation, building construction, construction miners, airport railways, fire and disaster relief and other places to act as a warning.

Technical Parameters

| | | | |
|---------------------|-----------------------|-------------------------|------------------------------|
| Light source | Red/Blue LED/12pcs | Reflective strip | High-gloss reflective cloth |
| Visible distance | 800-1000 meters | Battery specifications | Lithium battery 2000MAh 3.7h |
| Flashing frequency | 3Hz | Continuous working time | ≥20h |
| Alert mode | Strobe-slow flash-off | charging method | Mirco-USB 5V1A charger |
| Protection level | IP65 | Charging time | <3h |
| Ambient temperature | -25~40℃ | weight | 1.15kg |
| Fabric | Waterproof cloth | | |

Lamp structure and size chart

| Product type | Folded size (LxWxH2) | Expand size (LxWxH1) |
|--------------|----------------------|----------------------|
| 40 cm | 245x245x50mm | 245x245x410mm |
| 70cm | 296x296x75mm | 296x296x700mm |

Features

1. Using high-brightness reflective material, red/blue LED two warning modes, multiple protection.
2. Adopt USB cyclic charging to use, portable, high efficiency, energy saving and environmental protection.
3. Make full use of 360° luminous warning, and the visual distance is 800-1000 meters.
4. Scalable and foldable, convenient for storage and carrying
